

## Trap Neuter Return Guidelines and Rules

1. Please do not come to a TNR without a confirmed reservation.
2. Registration is between 7:15 am. and 7:45 am. No cats will be accepted after 8:00am on a TNR surgery morning.
3. Please do not bring in more cats than you are pre-registered for.
4. If you trap fewer cats than you are registered for, bring what you were able to trap.
5. Cats must be at least 5 months old.
6. Do not bring in females that are still nursing kittens. We will not sterilize them. They will be sent back to their nursing babies.
7. If you are on the schedule and are unable to trap any of the cats please contact 793-2490 and leave a message. You will need to call the Angels Among Us number to get back on the TNR schedule.
8. Each cat will be sent home in a carrier (if available). If you bring in cats in live traps and have any available carriers at home, please bring them with you. If you have more than 1 cat in a carrier, please bring in a carrier for each additional cat.
9. TNR is for feral and free roaming community cats, please do not bring in your own "pets". This is a violation of any funding we receive to help continue the program at no charge to residents of Saginaw County.
10. Make sure you are available to pick up after surgery. The pick-up time can be as early as 2:00 pm.
11. If you are found to be in violation of these instructions, you risk losing access to future TNR Clinics.

Thank you for working with us to ensure a successful TNR program in Saginaw County.
